

Deployment Platform

```
graph TD; subgraph DP [Deployment Platform]; S[Scheduler]; PM[Pipeline Manager]; subgraph DM_PT [ ]; DM[Data Manager]; PT[Proactive Trainer]; end; end; EE[Execution Engine]; DP <--> EE;
```

The diagram illustrates the architecture of a Deployment Platform. It is composed of several layers and components. At the top is the 'Deployment Platform' container, which includes a 'Scheduler' layer, a 'Pipeline Manager' layer, and a bottom layer divided into a 'Data Manager' and a 'Proactive Trainer'. Below this container is the 'Execution Engine'. Bidirectional arrows connect the 'Data Manager' and 'Proactive Trainer' components to the 'Execution Engine'.
